# Compression vs Discretion

Welcome back to the Spring 2020 Semester. As in past years, we invite you to read the data provided in this, our January issue of *The Unifier*. These data include bargaining unit members' 1) discretionary awards and 2) disparity awards for the 2018-2019 academic year.

For the first time, there are two types of awards:

**Award Type 1**: "...an amount equal to one-half percent of the total of the basic annual salaries on June 30, 2019, for distribution by the State University Trustees *in their discretion* to incumbents on the payroll on June 30, 2019 and at the time of payment *AND* 

**Award Type 2**: "...an amount equal to one-half percent of the total of the basic annual salaries on June 30, 2019, for distribution by the State University Trustees to incumbents on the payroll on June 30, 2019, and at the time of payment... *to address equity, compression, and inversion*" (Agreement. Art. 20.8.).

Award Type 1 is what we have endured for decades: awards that will be on base (after a four-year hiatus) that are determined by... management *discretion*. As always, many members perceive inequity, unfairness, favoritism, and so forth in this process. There are members who urge an end to this entire award practice, an equal distribution of the funds, a greater emphasis on individual achievement, and, again, and so forth. Presumably, and with mixed metaphors, we conclude that these awards—SUNY's very best carrots—must have been dreamed up especially to keep us on our toes while going the extra mile.

## **Compression vs Discretion**

...continued from page 1

But Award Type 2, is brand new and also on base. All SUNY campuses have bargaining unit members who have suffered from various forms of disparity or compression. Perhaps members were hired at times when starting pay was low or when raises were scarce, minimal, or even frozen. Thus their current pay is artificially low compared to the pay of people hired more recently. Such members should receive an Award Type 2 on base. Please note that these equity awards will be given three more times in the three subsequent years of this *Agreement*.

How were all of these amounts determined? Type #1, as always, remains the Murky Management Mystery it has always been. But Type #2 uses a brand new formula developed and agreed upon jointly by SUNY and UUP and applied throughout all SUNY state-operated campuses. We have also learned that individual campuses were given freedom to make adjustments to this formula. At the

present time, we in UUPF have no information about this formula nor any local application of freedom to adjust. We are requesting this information about the formula and the overall decision process.

Sadly, no longer is a required percentage of this award money identified in the *A greement* as definitively earmarked for awards to the great majority of our bargaining unit members—our part-time staff. I will be curious to learn how many of these hundreds of part-time members will receive on base awards from this year's funding.

Right now, we publish the awards for your perusal and comments. We look forward to hearing from you.

In solidarity, *Vicki Janik*
